Assignment Solution

Q1: Perform the following in SQL

- Determine the Count of rows satisfying certain condition

--# Get deptno wise employee count where overall given deptno salary > 3000

Use EMPDB;

```
SELECT DEPTNO, COUNT(*) FROM EMPLOYEE
```

```
GROUP BY DEPTNO
```

```
HAVING SUM(SAL) > 3000
```

- Determine average of a column

```
SELECT DEPTNO, AVG(SAL) AS AVGSAL FROM EMPLOYEE
```

```
GROUP BY DEPTNO
```

- Determine Sum of a column

```
SELECT SUM(SAL) AS SUMSAL FROM EMPLOYEE
```
